Both kinds religious festivals, the classes and the sessions, were kept alive. The sessions were annual while the Festivals continued almost permanently. They had their groups of church members. The Elder (Kilgus), Preacher (Friediger), and Deacon (Kilgus). The preachers were elected for the term of years and to receive money for their services. Preachers and elders were unpaid and therefore from the wealthier class. A variety of hymns were sung. In sessions were used at intervals but instead of long hymns was very common for the sessions by a kind of a sermon. The funeral song of Hans Olsen by Hans Fjell, in 1911, consisted of twenty-four stanzas. Meetings were held in homes for many years led by the sons of the aldermen serving they had meeting houses. By the side of the church was also found the parsonage and very often the school. Their chief literature was the Bible, *Confession of Faith*, *Sundring Book* and Dutch copies of works of Hans Olaus and the *Natur's Bible*.

It seems evident that it was Jane that our Great-grand Greatfather John Toews had our Great Greatfather Melvin's Toews were born. Great Grandfather Melvin's Toews was born in 1797. Great Grandfather John had been in 1802.

*First Bethel Mennonite Church building, taken in pioneer days with some members of the church.

*INMAN BETHEL MENNONITE CHURCH

The Bethel Mennonite Church of Inman, Kansas was organized in January of 1875 by immigrants who had arrived the preceding year from Russia. They came from some twenty different MoJotschna villages: Fischau, Fuerstenwerder, Klippenfeld, etc., crossing the Atlantic on the Teutonia and the Cimbria. The church files contain thirty-six church letters from seven different churches in Russia.

The church was organized by those immigrants who settled in the community south of the present site of Inman, Kansas. In the group was a minister, Jacob Klassen, from Sparau, who had been elected as minister by the Pordenau Mennonite Church in 1867. There were thirty-five charter members and a constituency of ninety. Common family names were Ediger, Klassen, Friesen, Neufeld, Pauls, Toews, etc. Meetings were held in private homes and in schools. A school house which was commonly used was located four miles south and one half west of Inman. On November 11, 1875, Heinrich Toews was elected as minister to help in the work of the church. On November 20, 1876, Jacob Klassen was elected to serve as the first elder.

The membership of the church by the close of 1880 was 188. At that time there was a constituency of 416.

*The picture and article are taken from Mennonite Life, July, 1953. The latter is greatly condensed and its data brought up to date.

To succeed Elder Jacob Klassen, Heinrich Toews was elected on September 22, 1879. He was ordained on December of the same year. The following Sunday he baptized eighteen persons in a service which had been delayed because of the absence of an elder. In 1879 Isaac Klassen was elected to serve as the first deacon.

The fact that the church did not come from Europe as a unit made many adjustments necessary. This accounted for many difficulties which arose.

In 1880 the first church building was erected. It was built of sun-dried sod bricks and was located two and a half miles south of Inman. Here the first services were held on May 23, 1880. The following Sunday fifteen persons were baptized. Among the traditional observances was the Erntefest which is first recorded on October 3, 1881. Choir practice with Jacob Wiens as leader is mentioned for the first time in 1896.

In 1897 two acres of land were purchased one and a half miles south of Inman and a new church building erected. Services were held here for the first time on June 6, 1897. Sunday School was begun in 1898 with one children's class with Gerhard Harder as teacher. This building was used until October 8, 1928, when it was struck by lightning and burned. The new building was dedicated on September 8, 1929.

In 1908 a Christian Endeavor Society was begun with B. A. Wiens, H. T. Neufeld and others as leaders. B. A. Wiens and A. P. Neufeld were elected as ministers on February 21, 1910. Klaas Kroeker was elected as elder on February 10, 1911. This terminated the work of Heinrich Toews after having served as minister for thirty-seven years and elder for thirty-three. During this time he baptized 206 persons and ordained seven ministers.

During the early years there was fear that education might turn young people from their faith. Through various influences, however, Heinrich T. Neufeld enrolled as a student at Bethel Academy in 1906. After some years of preparation and teaching, he and Mrs. Neufeld (Anna Harder) were ordained as the first missionaries of the church on January 8, 1913. They were to serve among the American Indians on the General Conference fields. The ordination service was perhaps the beginning of an annual mission festival, now held regularly each fall. Through the years the mission spirit has grown and many others have gone out as workers.

John J. Pauls was elected deacon and Peter T. Neufeld as minister on February 27, 1919. Since Klaas Kroeker was no longer able to serve as elder, Peter Neufeld was elected to succeed him, being ordained as elder on October 18, 1936.

During World War I, seven men were called to serve their country, of whom all went as C. O.'s. During World War II, twenty-nine were inducted and twenty-five served in C. P. S. In the present draft nineteen are serving in Alternative Service.

In 1930 a women's mission society was organized. In 1940 the Bethel Charity Society was organized. This group continues to function.

Through the years there have been 946 different church members. Of these 574 were received through baptism. The present membership is 341.

On February 10, 1953, this church building burned to the ground. Memories of this building include 179 baptisms, 90 marriages, 60 funerals and the ordinations of two ministers, four deacons, three missionaries, and one elder. On May 3, 1953, ground breaking services were held and a new building was finished and dedicated on July 25, 1954.

Concerning the Peter Weisfeld family we will present the names of his grandparents and parents.

His grandparents were David and Rachel Reissman Weisfeld. They were born and lived in Prussia until 1803. In the fall of that year they moved to the Malotshina in South Russia. They left Kurland in Prussia on October 1, 1803 to move to Russia. On the twenty-sixth of October a son, Herman, was born. He died on December 4, 1803 while still on the journey. On December 21, 1803 they arrived in the village Goralitz, South Russia. Continuing from there they arrived in the Malotshina village on January 8, 1804. On January 22, 1804 they moved to the Dytzplau, Habsburg, where they settled.

Before proceeding to the Peter Weisfeld family we have to bring in another family, Isaac and Regina Reissman Friesen. They were married October 27, 1813 (some accounts give February 6, 1815). They have two children, Isaac and Abraham.

Within two years of their marriage the father died, September 21, 1814.

Regina Reissman Friesen was the daughter of Abraham and Margaretha Weiss von Kessel. In 1800 or 1801 they moved from Iltshelsharpe near Dantz to South Russia. Isaac Kessel died in 1800 and Margaretha in June of the same year.

Peter Weisfeld's parents were Benjamin and Regina Reissman Friesen Weisfeld. They were married December 22, 1814. They had a large family of sixteen children. Seven of these died in infancy and two in their teens. So of those that grew to adulthood Peter had three

Leahurst, Ireland, married her, Mary, and their children, Margaret, Mrs. Agnes Stone, Catherine, Mrs. John Hunter, and Emma, Mrs. Aaron Hill. The father died in 1852.

William Deaford married again. He married the widow of Peter Hayes of Wexford on March 24, 1853. They lived together for some eight years when she died December 5, 1861.

In February 18, 1863 Mr. Deaford married the third time. A widow Catherine from Wexford. His marriage lasted but less than four years when she died December 17, 1867. Mr. Deaford died.

The main child of the William Deaford family was named Peter. He was born December 15, 1805 and is the Peter Deaford who is mentioned in the will given in 1864. The Peter Deaford who is mentioned in the will given in 1864 is the same Peter Deaford who is mentioned in the will given in 1864.

HISTORICAL REVIEW

In the spring of 1878 John Yates bought the "Wagoner's" from David Wagoner in December and moved there. In the spring of 1887 he again sold the farm to David Wagoner and built up a new one. He moved there in fall. In the spring of 1891 he bought of Anna Taylor, Wagoner, a "Wagoner's" and moved there. In fall of 1898 this was sold.

Wagoner went to Alexandria from the "Wagoner's" of Lord and Wagoner's. In spring of 1898 Wagoner moved from here to the "Wagoner's" of Lord Wagoner, near the station. In fall of 1898 Mr. Wagoner bought 75 acres of land from Lord Wagoner for \$100 per acre and kept 25 acres as rental. Their entire group of acreage bought 500 acres of this land. In 1898 Mr. Wagoner sold their home to Corvina Wagoner.

In June 17, 1898 the Wagoner family left Alexandria by train in order to build a new home in America. They arrived at American Wagoner on the weekend of July 24 at 1:00 o'clock PM, Tuesday, August. A little north of American Wagoner they bought a half section of land for \$200.00. They built a home immediately.

WILSON, MARY

Mary Wilson is the youngest child in the large John W. Wilson family. After the death of her parents in 1931, she continued to live in Inman with her relatives. She worked as a cook in a cafe and as clerk in a store till she married on June 15, 1938. She married H. V. Bagley, who had been employed as a full time engineer, Detroit.

They lived in a farm near Inman, which they also are now living. He is a farmer and he is also running a mill. The son, Edward, lives in Inman.

HISTORICAL SKETCH

Anna Neufeld was born January 11, 1874 in North Russia to Peter and Agathe Mena Neufeld. She lived for a number of years with her Uncle and Aunt Abraham Neufeld. They had a large family but most of their children died in infancy or very young, except the oldest, a son grew to manhood and married. This left them very lonely. Since his brother, our grandparents, had a large family and were poor, the Abraham Neufelds came to them for consolation. Our Aunt Anna went to live with them for a number of years. Then came the time when our grandparents wanted to move to America and Aunt Anna came back to her parents and went along in marriage.

They came to this country in 1876. They experienced all the difficulties and hardships of the pioneering years. She never married, but remained in the home with her mother after her father's death in 1885. After her mother's death in 1899 she made her home with her youngest sister and her family, Johann J. Weiler. She died October 21, 1915 and was buried in the Bethel Mennonite Cemetery south of Iman, Kansas.

HISTORICAL SKETCH

Heinrich G. Neufeld was the fourth child of Peter and Agathe Mena Neufeld born in Rostov, South Russia. He was working on the farm when he came to this country with his parents. He went through all the hardships of the early pioneer life.

On February 26, 1890, he married Katherine Mena, daughter of Heinrich and Maria Mena. They made their home on a farm five miles west and south of Iman, Kansas. He had to work to make this home, a great disappointment.

Mrs. Neufeld died a great deal of the age of thirty, on March 12, 1891 and was buried in the Bethel Mennonite Cemetery south of Iman, Kansas.

HISTORICAL SKETCH

Peter Neufeld married Elizabeth Ediger in 1881. The wedding date, I believe, was March 17. Some give May 5, but I believe the former date is correct, considering all matters. They made their home $2\frac{1}{2}$ miles south of Inman, Kansas.

Their home was blessed with four children, one of which died in infancy. The others all grew up. He was elected to the ministry and on November 2, 1889 ordained by Rev. Isaac Peters. He became the first minister of the Peter's church $\frac{1}{2}$ S and $\frac{1}{4}$ W of Inman, Kansas. Their happy home was of rather short duration, a little less than eleven years. For on September 2, 1891, Father Neufeld was called to his eternal home.

Mrs. Neufeld married again and they continued to live in the same home. Two daughters were born to them. We will not consider them further in this book, as they are not of the immediate family. On January 5, 1900 the mother died and was buried at the Peter's Church, as desired by Mr. Isaac, her husband.

HISTORICAL SKETCH

Peter P. Neufeld was the oldest child of Peter and Elizabeth Ediger Neufeld. He was born December 15, 1881. When he was ten years old his father died. A step-father came into the home. At the age of 19 he was baptized by Rev. Abraham Schellenburg and became a member of the Mennonite Brethern Church east of Euhler, Kansas.

At one time he had a job digging wells at Catoosa, Oklahoma. Later he became a professional logger and shingler. He continued in this as long as he was able to. He never married. For a time he made his home in Meado, Kansas. Towards the last he lived in Liberal, Kansas. He passed to his eternal home April 12, 1946, and was buried in Graceland Cemetery, Liberal, Kansas.

REVEREND

Henry Weisfeld was the second child of Peter & Elizabeth Silver Weisfeld. He was born September 21, 1887 south of Laramie, Kansas. When he was eight years old his father died. His mother married again, but the home was not what it had been. Then in 1907 the mother died also. Now the three boys of the home were left up their own. Henry, engaged in California State Teachers College at Berkeley, California. He also attended the California State College in Los Angeles. He was a member of the Y.M.C.A. and the Y.W.C.A. and was a member of the Christian Church.

Mrs. Weisfeld, the former Emily Weisfeld, is the daughter of Julius Hagopian and Anna Hagopian. The family association was in the industry of the early days. One of the family was a sign of the declaration of Independence. Julius's father was a lawyer in his younger days and was later employed in the State Capitol in Michigan for many years. Miss Weisfeld had attended college in Michigan. She worked in Portland, Oregon as secretary. It is here that she and Henry were married. They were married on March 12, 1917 at the Trinity Episcopal Church, Portland, Oregon by Rev. A. A. Harrison. For about seven years they made their home here. No children were born to them.

Then they moved to a farm, about 15 miles southeast of Lansing, Michigan. Here they made their home for the rest of their lives. He was a prominent farmer of Williamstown Township. He was reported to be a farming supervisor for many years and a member of the township board. They attended the Christian Church. For some time Henry's health had not been good. Then on November 13, 1950 he died of heart and kidney complications. Funeral services were held from the Goodwin Brothers Funeral Home and interment was in the Rose Lawn Cemetery, Perry, Michigan.

Abraham P. Neufeldt was born February 16, 1864 in Wargasse, South Russia. In 1875 I came to America with my parents. We settled on a farm adjoining the present site of Inman at the southwest. In 1886 I was baptized by grandfather Heinrich Toews and received into the membership of the Bethel Mennonite Church.

Helena Toews was born November 18, 1863 in Klippenfeld, South Russia. In 1874 she came to America with her parents. They settled on a farm southeast of Inman, Kansas. In 1884 she was baptized by her father and received into the membership of the Bethel Church.

On January 18, 1887 we were married by her father. We at first made our home with my mother, father having died two years earlier, in 1885. But soon we moved to our own 80 acre farm, 3 miles south of Inman, living in rooms connected with the barn. This caused us to become known as the "Stall Neufeldts". Here the two oldest children, Heinrich and Abraham, were born. Having lived here five years we sold this farm and bought 160 acres 3 miles west of here. We lived on this farm for eight years, possibly our hardest years materially. Three more boys were born during these years. Then we traded this farm for another 160 acres $1\frac{1}{2}$ miles west. This farm had good buildings and proved very good otherwise. Years of material prosperity followed. Here a girl and two more boys came into the home. Now we had eight children in all and all well and healthy. While there were difficulties, anthers always will be, yet our home was a happy one. We resided here for 29 years, or until we retired from the farm, and moved to Inman.

On February 21, 1910 I was elected to the ministry, and on November 27 of the same year ordained by grandfather Heinrich Toews. I served as minister for 20 years. He preached his last sermon just one year prior to the day of his death.

The Lord greatly blessed us in many ways. Materially we advanced till we were well established. In 1927 a storm did such damage to the farm. Minor accidents came too, but none too serious. The hardest for mother were the years of the first world war. Two of the boys, Peter and John, were drafted for military service. The experience of the boys were not easy, but they stayed true to their faith. God was with them. Peter was released on a farm furlough and John went to prison. And after the war ended, they soon came back. We put our faith in God and He helped us.

I had always been healthy, but in later years this began to change. In cleaning up after the storm in 1927, I had my first fainting spells. These came to me off and on, most of them not too serious.

Then on March 6, 1931 he was called to his heavenly home. The funeral was March 10 at the Bethel church, and interment in the south cemetery.

Now Mother had to continue alone. God strengthened her, and many blessings flowed from her to all the family. She continued in her home in Inman with her daughter Helena, till Helena married in 1944. After this she lived alone for two years. Then she spent a year with Abraham and his family. The home for the aged was now being established in Inman. She ordered a room there and when it was ready, moved in. Here on April 19, 1950 mother had a stroke. She was taken to the hospital at McPherson, where she passed away April 22 without having regained consciousness. Her mother quietly slipped away to her heavenly home. Funeral services were held in the Bethel church April 26 and interment in the south cemetery beside her father.

And when the time of preparation was completed, Bernard and Marguerite withdrew one drawer, betelgeuse and considered the contents with a look of surprise. They were called to leave home for a ministry among children in other places. Not as young, not as inexperienced, but just as happy. And the Lord led them one after another. Work, and business, and service. The whole time. The whole time! Such as Mother says, "You have done spiritual parents to me. Thank you, Lord, for all this time."

HISTORICAL SKETCH

Phyllis Ann Wiebe was born September 23, 1936 as the oldest child of Bernard W. and Margaretta Benford Wiebe northeast of Maitland, Kansas. She grew up on the farm, received her high school education at the Berean Academy, Elbing, Kansas, and two years of college training at the Kansas City Bible College.

Harold Allen Bradley was born June 7, 1934 to Mr. and Mrs. Ralph Bradley near Columbia, Missouri. He spent most of his time as a youth on the farm. While attending high school he worked part time in a grocery store. He continued this work until he graduated from the Missouri University with the B. S. degree in mechanical engineering in June of 1956.

While both were attending school in Kansas City, they met and dated. In the summer of 1956, just after Harold's graduation they were married in the Elm Valley Bible Church in Kansas City.

The Westinghouse Electric Corporation hired Harold as an Industrial Engineer upon his graduation and he began work in July, 1956. He is now employed at the Aviation Gas Turbine Division in Kansas City, while Phyllis remains at home to care for their six month old daughter, Ashley. Both Harold and Phyllis are active in the church where they were married. They also enjoy numerous sports activities.

Of the Adoption Journal's critics, I try how we do lose them and get far
adopting us. A person just cannot realize what all is involved. The father
was treated as better than we could have hoped for our children. It's a
survival picture of what the best of men can give us the "Spirit of Adoption".
The privileges are unlimited. So much is one thing—adoption is placed as an
adult son. We must realize this enough for leaving us as we are. There of course
we've added but when the feeling was shared from our side again, we have to
look to the—perhaps better to have it.

HISTORICAL SKETCH

After finishing high school I, Abraham Neufeld, worked one year for Uncle Jake in the garage. It was during this time that I met Alvina Juhnke and the "Love Bug" bit. We were married on July 14, 1937. At the time I was working as a mechanic in Enid. We lived in Enid about six months and then moved to Elyria, Kansas, where Alvina's parents helped us to set up our own garage. We lived there about 3 years. During this time Gerald and Judith were born, Gerald on May 7, 1938 and Judith on January 4, 1941.

It was during this time also that Alvina first and I about three months later realized that though both belonging to church we were not really saved. After both of us had trusted the Lord He spoke soon to us about full time service. We volunteered for mission work in Africa under Sudan Interior Mission but were turned down because we already had the children, did not have enough education and no finances to go to school.

God though continued calling, and even after yielding and being licensed to preach by Wichita's Baptist Tabernacle I continued with secular employment. However, those were unsettled times. In quick succession I worked for Beason's Auto Salvage, Shell Pipe Lines, Santa Fe Railroad Yards and then Boeing Airplane Co.

It was at Boeing where God finally let things come to a point where I had to make a decision. At the same time He laid before me a small church in Newton where we then labored for about six months.

The First Baptist Church of Marion, Kansas then called us and we labored there for about two years. Then followed eight or nine months of evangelistic work during which time we again made our headquarters in Enid. During this time we held several meetings in the Cockson Hills of Oklahoma. These were really blessed of God.

Bible Baptist Tabernacle of Garland, Kansas next called and we spent two fruitful years there. From there to Independence, Kansas for nearly eight years. Here we had experiences, some not so pleasant, some very pleasant. Three of these years we lived on a farm, and we believe them to have been very profitable for Gerald and Judith.

Bible Baptist Church of Ponca City, Oklahoma next called and we spent one and a half years there. Here we had our nicest home. But when God called to Callaway, Nebraska last winter, we came and believe that this is an open field for us. Where in Ponca City and surrounding territory there were about twenty Baptist churches, here there are about twenty towns and one Baptist Church. While the church here is small and there have been difficulties yet God is precious and His blessings wonderful.

HISTORICAL SKETCH

Remember April 7, 1938? One of the worst blizzards in the history of this family tree? We were responsible for that. We got married the day before.

Since then much, much has happened. We are by now the proud possessors of four boys and one girl. Indeed our oldest is a Senior in high school this year. He is our future farmer, loves machinery, etc.

Kenneth is a sophomore in high school and plans to go into christian service. He is quite an accomplished pianist. James is as yet the big question mark. Just pretty hard to say what he'll turn out to be, but also enjoys tractors and farming. He is in the fifth grade this year; and is in his second year accordion lessons, and enjoys them. Joyce is in the school the second year. We're certainly glad to have at least one girl in the family. You notice, we didn't say lady. She's quite a "Tom Boy", but with three older brothers, you can't blame her. She is taking piano lessons. She is certainly a lot of help caring for little brother Lloyd, who made his appearance a little before Christmas, 1956. Right now he is about the most popular one in the family. It's too early to tell what he'll be - probably spoiled and un-spoiled several times.

Well, that's our family. We thank God for a fine healthy family. How we take our health for granted. Once within a year's time we had two broken arms, an appendectomy, a broken foot, a cut head that needed stitching, a lacerated hand which had to be sutured, and several other things. But they were more or less minor accidents when we think of the near tragedy we had in November, 1955. Helen was pinned between the steering wheel of the larger tractor and the dirt scoop on another tractor. Would she have walked just a fraction of a second longer before palling sideways, it would have been fatal. Such experiences make us realize how uncertain life is. And again we thank God for protection.

We are farmers and have always been in the dairying business. Yes, there is lots of work, but we all love the farm and are glad to raise our family in the country. (And I think the town folks are glad we're out here too.)

PERSONAL DATA

Marjorie Beulah was born April 7, 1905 near Canton, Oklahoma as the daughter of Reuben T. and Anna Gertrude Beulah. Her first years were spent on the Texas Station, then her parents moved to Reno, Okla., and later to Enid, Okla. She received her high school education in Enid, then went to Bethel Technical College, Seattle, Wash., for nurse training, graduating with the class of 1927 as a Registered Nurse.

Marjorie Beulah was born May 1, 1913 near Inman, Kansas to Henry P. and Marie Elsie Beulah. He grew up in the farm, also receiving his education at Inman High School, he served in the U.S. Army during this time his father died.

It was during childhood that she and Henry met. After graduation from high school they were married in 1931. In 1934 they went to Virginia, where Henry was working. Marjorie also secured a position in the same state mental hospital. While they lived together for several years Henry developed eye trouble. He asked Marjorie to come to him in connection with his eye trouble. In connection with this trouble, they were a step to Boston, Mass., in order to have his eyes examined and was advised that Henry was suffering a brain tumor. The doctors investigation revealed that it was caused by a brain tumor. Examination by a specialist revealed that nothing could be done, and his condition became rapidly worse. On March 1, 1935 he was called to his heavenly home at an early age of 24. A girl was born on Sept. 1, 1935 named Helen Jane, just a week after her father's death.

Marjorie stayed with her parents for some time. She went back to nursing school in that time. They were married years, but her heart is God and her thought.

PERSONAL HISTORY

Arthur T. Benfield was born north of Orem, August 10, 1891, as the second child of Arthur J. and Sylvia Taylor Benfield. He grew up on the farm and played in the fields among the other boys. He spent the winter in the Williamsville High School.

He started working at 14 years of age. This included horse back riding, and the breaking in of horses. One day after work, starting out to go to the church he saw a horse running in front of a group of boys that had been lately broken in. While he was going along to work, the horse started with him and went over his shoulder throwing him with the force of the kick to the hard road. He was left unconscious. The horse was called and he was taken home and a doctor called. He remained unconscious for 3 weeks, 12 days, and it was more than a week before he came to fully. It seemed that even for years he was not entirely the same.

Anna Elmer was born north of Orem, August 2, 1890, is sister to Arthur T. Benfield. She grew up on the farm and in the house of a farm home.

These two were baptized in the same place, July 25, 1908 in the Central Williamsville Church. And about four years later were married and established their own home south of Orem where they lived 27 years and all their children were born. The couple was blessed with a large family, eleven children, six of which passed to the hereafter. The others all grew up and are with us today.

The 3 T. Benfields have returned to Orem. Here they are spending their time in a comfortable home. Mr. Benfield has not been too well for several years, the horses are killing him. He is now better at present. With their heart in him, they are making out fairly well.

They were married in Wellington, Kansas on March 25, 1901. A little girl, whom they named Joyce Ann, came into their home. Two years later a little boy came to be with his sister. They named him Laurie Gale. He played a good deal and at the age of nine God took him to the heavenly home.

Mr. Wiley Answered His Family. Make the old childrens have Duged at Marie and Joyas's heart strings. May this be an encouragement to others and to be "unequally yoked with unbelievers" nor to say good to the winds, for there is a harvest time coming. Their daily prayers be for the salvation of their mother and father. May this family circle be unbroken in heaven.

PERSONAL DATA

James H. Crawford was born January 19, 1914, at Laramie, Wyoming, and was raised in the Christian faith. Immediately after high school at the age of 18, James was called into civilian Public Service, in which he continued at Helena, Montana, and a hospital at Union Grove, Wisconsin, until released with honorable furlough in 1946. These experiences helped James to find the further study in preparation for some form of Christian service; this was begun at Bethel College in 1946.

Service at Bethel, 1946, was followed by one year—a kind of honeymoon—in our home community, Laramie, where James taught at Lake Valley school and later worked in the home of Laramie. In the fall of 1947 he moved to a trailer on the Bethel College campus. This was home for ten years while James finished college work and later took some classes, enabling him to teach during the second year of Grandfield School near Denver.

In June, 1951, immediately after graduation, James began work in Washington, D. C., with the National Service Bureau for Religious Missions. About a month later, on the night of July 1, 1951, James was born in Denver, and in August she and James moved to their new home in Laramie, at 1111 1/2th Street, where they lived for five years. During this time James was active in the Laramie community, serving as a member of the Laramie Community Council, and as a member of the Laramie Community Council. He was also active in the Laramie Community Council, and as a member of the Laramie Community Council. He was also active in the Laramie Community Council, and as a member of the Laramie Community Council.

The summer of 1952 was a year in Chicago where James was in charge of the work at the University of Chicago. During this time James was in charge of the work at the University of Chicago, and was also active in the Laramie Community Council. He was also active in the Laramie Community Council, and as a member of the Laramie Community Council. He was also active in the Laramie Community Council, and as a member of the Laramie Community Council.

Since 1956 will see another change, when the Laramie Community Council will be moved to a new building. James will be moving to a new building, and will be active in the Laramie Community Council. He will be active in the Laramie Community Council, and as a member of the Laramie Community Council. He will be active in the Laramie Community Council, and as a member of the Laramie Community Council.

Regarding the future, we know not what it holds. But we have a plan to move to a new home, and we are active in the Laramie Community Council. We are active in the Laramie Community Council, and as a member of the Laramie Community Council. We are active in the Laramie Community Council, and as a member of the Laramie Community Council.

Robert and Helen Sanford Cook, coming from two different backgrounds and backgrounds, were united in marriage June 24, 1956 and began their work as pastor and wife of the First Mennonite Church of Chicago on September 1, 1957.

Robert Cook is desirous to accept Jesus Christ as his own personal saviour and as a young man living with his father Sunday in 1944. This decision brought to him a period of intense searching as to the decision to take Christ or not. His early education days were spent as a member of the First Brethren Church Union Brethren of Dayton, Ohio where he was born and raised. The next few years were spent in living a normal Christian life, but he never made any real commitment to Christian service until after he had entered the U.S. Marine Corps. When he was returned to the fact that he was drifting away from the church and from Christ, then a recommitment to the Lord he decided that his future work was to be in the pastoral ministry. It was during this time of service that he also began to think about war and killing and from this he gained his present conviction (paraphrase).

Robert's training and preparation for the ministry began following his service experience. During his attendance at Great Lakes at Wilmette Lake, Indiana, and Chaffee College, Bluffton, Ohio, he was active in deputation work, Gospel Team and various organizations which helped him to gain experience for his future work. During his attendance at Mennonite Biblical Seminary he served one year as a Y.W.C.A. director of after school recreation activities. Previous to this he had spent several summers working at Y.W.C.A. camps. During the summer of 1957 he and his wife served as intern-pastors of the First Mennonite Church of Christian and West Elm Mennonite Church in Northridge, Kansas. During this time they were called to serve their first pastorate, The First Mennonite Church of Chicago.

Helen Sanford Cook, the daughter of a minister, came to know Christ personally at a very early age. Her early experiences as a P.K. (Preacher's Kid) were pleasant and while still young she expressed her desire to be a worker in the church and if possible a preacher's wife. During her high school days, she had many opportunities for local church and religious activities including active participation in a youth radio program, youth choir, and numerous religious programs. During one summer she was a member of the Ministry Service Unit in Chicago, participating in its program of Bible School, Day Camps and recreational activities. This experience and another in spending a week at Camp Fritzkowich as a teacher have helped in her present position as pastor's wife.

During her college years Helen was active in Gospel Teams, newspaper work and various organizations, all of which were helpful. Somewhere and one year was spent in working at Scripture Press Publishing Foundation, opening an other phase of Christian activity to her.

Helen trained to be an English teacher at college, and although she has spent only two years in the actual teaching profession, she feels that this training and experience have been most helpful in both the home and the church.

The Cooks have now made their home at the parsonage of the First Mennonite Church at 2500 N. 72nd place, Chicago 35 Illinois. Here they have found a home in which they can put their past experiences, background and training to the glory of God. The church has a membership of 94 but has an active, growing congregation which has been built up by consecrated pastors in the past.

about a dozen Hutterite families were living near Carmichael, Saskatchewan, Canada when we settled there soon after our wedding. Most of these people have since moved to other places. Rainfall was not scarce, and there was no organized Hutterite movement.

Worship services were held in the Whittell school house the school
later attended by our oldest three children). Later services were held in
a revival hall. In our first year of service in Charleston, services were
held in four different churches, several halls and in many homes.

Usually these services consisted only of Sunday Schools - Christian Endeavor
services were in four weeks. Special programs at Christmas and Easter. A Sunday
School Festival was held in the morning, usually followed by a picnic
lunch.

At times we had missionaries living near us who served the group. These included Rev. Peter Goertze, Rev. John Klassen, and a Mr. Neap, a layman evangelist. The latter two were immigrants from Russia. We also had frequent visits from the two Minnesota "Hilfsmissionäre" (traveling preachers), Rev. Gerhard Müller of Wadena, Minn., and Rev. Benjamin Sweet of Winnipeg. The German language was used in everything. Sunday school, C. E., etc.

Business was conducted by the "Undersecretary" (James Wood). A committee of five members was elected periodically.

On 10th Dec. 1955 after six years of arrest. This brought back
several years more before going back into prison again.

I've been with the Dodge Agency since 1964. Two years as
a sales rep on payroll. At present I am second in command at the
agency. I've got a raise in salary and pay the first of July which boosted
me to this position.

We've been doctoring poor Billy's ears for two years. Finally we're seeing some progress. We hope to have his hearing back to normal by school time, and with continued treatment, be able to hear it there.

"When I think back I wonder if the whole of life that went on out here, the village burning was way and then the order and providence seems finally to have settled a person somewhere. I have to say so. I am happy with my family, my life, my work, the people I live with and everything in general. But if only one day of my life had been changed, while I was in prison, then there would I have missed my place back in Kansas, maybe in some other part of the world. Or if I had not met my wife I did, I could have very likely wound up in jail. So shortly after I was let out I was ready to walk out of the door. I am not a religious man, but I am glad I am not one who did not see the light of life."

HISTORICAL SKETCH

I was born on a farm 7 miles southwest of Inman from where I attended the West Eagle school, and later also 2 years at the Zear Bible Academy. At the age of 16, I accepted Christ as my Saviour and joined the Bethel Mennonite Church.

As I was interested in Mechanics, I attended the Hutchinson Auto and Tractor school.

In 1926 I married Katherine Pauls and moved on a farm 3 miles south and 1 and 3/4 east of Inman. In 1928 we moved to a farm 2 miles east and 1 and 3/4 south of Inman where we built a small garage and I started in the auto and tractor repair business as an almost full time work which I had done only part time till now. Here we enjoyed our hard work trying to make ends meet to care for eight children.

In 1945 I started an electrical business in Inman as the Inman Electric Co. where later Nick Martens and Adolf Neufeld joined in partnership and we took on plumbing, heating, radio sales and repair and later also T.V. sales and repairs.

In 1957 we left the farm and moved to Inman. Have enjoyed working in the church, in the church committee, as S.S. teacher and also for 3 years as Superintendant, but one of the greatest joys we have experienced is when children go into special full time service for the Lord.

I was born on a farm southeast of Inman as the daughter of Jacob J. Pauls. I attended the Lake Valley school. On June 16, 1918 I was baptized by Elder Elias Frieser and received as member in the Bethel Mennonite Church.

In 1921 I graduated from the Zear Bible Academy where I attended for three years. In 1926 I was married to Jacob E. Neufeld. God blessed our union with five sons and three daughters.

In 1957 we were privileged to celebrate our 25th wedding anniversary. I am deeply grateful that all our children have accepted Christ as their personal Saviour, and rejoice when children go into special service for Him.

WOMAN'S SERVICE

John Wesley was a member of the first W.I. Unit held out by the M.C.C. It was not organized as a selective service unit but was a voluntary service. It was held in January 1951. The primary purpose of this unit was to identify those to provide permanent refugees living out of the East end of January. The twenty draft age men and one leader made the beds and contributed five dollars each the first year. These houses provided homes for twenty permanent families. This work was inspired by General Louis E. Bradley himself and was approved for selective service for nonconscientious objectors. W.I. work is being done in many different countries today as a service.

The selective service W.I. work was rendered from January 3, 1951 to September 7, 1951 at 2 World Hospital near Boston, Connecticut. This work consisted mostly of social work, feeding, bathing, dressing, entertaining, and all the other things that the hospital needed. The patients were all of different types of mental illness and not all of them were violent. There were opportunities to witness for the Lord and to minister to the patients. There were 55 W.I.s in this unit. We had our weekly church services and prayer meetings, and a group practice and a program of medical Christian service in hospitals, old people's homes, and jails.

My ultimate plan was to be a full minister. But I plan to attend the Wesleyan Biblical Seminary for three years and then enter some type of professional Christian service in the General Conference Wesleyan Church organization, quite possibly the ministry.

MEMORIAL SERVICE

Our parents and our childhood home were true Low German Mennonites, so we were brought up in the typical Mennonite traditional way. Our parents held to the three R's: Regular family devotions, Regular reading of the Bible and Regular church attendance.

We both felt the need of a Saviour and early in our lives surrendered to the spirit's call, were instructed in catechism and baptized. Other outstanding experiences of our childhood and youth were first that we lived outside and labor on the edge of our Mennonite community and second, that our church fostered missionary interest so that several of our relatives and members of our family became missionaries.

We were married in the time of the depression and this made it extremely difficult to get a start in farming. But now, twenty-seven years later, when we look back we gladly say "God has provided, sometimes we hardly know how." We had not only have us had clothing and food but we have also acquired a home and have been able to share in church and community activities.

Bringing up six children is a responsibility which we are sure we could not accomplish without God's guidance and blessing and the help of the church and schools.

The four older children have married and have families of their own and are all living in the church.

Elaine and Mary both served in Voluntary Service. Mary serving in place of military service for about three years.

We have had very little sickness besides the common contagious diseases of which we have had our share.

Especially happy times for us have been those when we could gather with our children after some absence of one or the other. Especially in September of 1936 when we celebrated our 25th anniversary. Mary had just returned from the service and Elaine and Carl and their youngsters joined us and I believe, Ima, Hazel, and Paul being so late. Many other friends also came at our invitation.

Many times our children or other relatives have brought friends to our home. This too has been a special joy.

We appreciate our family, our relatives, the church, our country and our Mennonite heritage, and desire to fulfill our responsibilities by the grace which God supplies.

1. The first part of the report is a general description of the project. This includes the title, the objectives, the scope, and the methodology. The title is "The Effect of Temperature on the Rate of Reaction of Hydrogen Peroxide with Potassium Iodide". The objectives are to determine the effect of temperature on the rate of reaction and to determine the activation energy of the reaction. The scope is limited to the reaction of hydrogen peroxide with potassium iodide in aqueous solution. The methodology involves measuring the rate of reaction at different temperatures and using the Arrhenius equation to determine the activation energy.

2. The second part of the report is a detailed description of the experimental procedure. This includes the materials and equipment used, the preparation of the solutions, the measurement of the rate of reaction, and the calculation of the activation energy. The materials and equipment used are hydrogen peroxide, potassium iodide, sodium acetate, water, a thermometer, a stopwatch, and a graduated cylinder. The solutions are prepared by dissolving potassium iodide and sodium acetate in water. The rate of reaction is measured by the time taken for a color change to occur. The activation energy is calculated using the Arrhenius equation.

3. The third part of the report is a discussion of the results. This includes a comparison of the results with the theoretical predictions, a discussion of the sources of error, and a conclusion. The results show that the rate of reaction increases with temperature, which is in agreement with the theoretical predictions. The sources of error are discussed and it is concluded that the results are reliable.

4. The fourth part of the report is a list of references. This includes the textbooks and articles used in the preparation of the report.

WITCHAMILL 2000

James S. Wicks established their home 1 1/2 and 1/2 W of Inman, Kansas. Here they lived till the spring of 1900. It was here that their four eldest children were born. They then moved to the Medford, Oklahoma community. They left here March 1, 1900, a move which Mr. Wicks later considered one of his greatest mistakes. They lived on his father's farm southwest of Weatherford, Oklahoma for a time and then seeking more land so the boys would have an opportunity for farming, they moved to the Texas Panhandle in 1917. They planted a crop in spring and moved in September.

This was real pioneering. Hardly any school opportunities were available and there was no opportunity for social life for the children. They had no church but the family had Sunday School in their own home. Their closest market and supply house was at Guymon, 65 miles away, so freighting became an item taking much time.

As more people came they had Sunday School in a one school house. In 1918 the church was organized and in the same year John J. Pauls, a doctor from the local Church of Christ came to see them to help in their church activities. In 1925 Ford from Tulsa, Oklahoma was called to serve the church. And in 1926 they built their new little church.

The soil was good, varying from very good to very poor. All the conditions of plowing, etc., had to be made.

In 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, 1953, 1954, 1955, 1956, 1957, 1958, 1959, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970, 1971, 1972, 1973, 1974, 1975, 1976, 1977, 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000.

In 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, 1953, 1954, 1955, 1956, 1957, 1958, 1959, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970, 1971, 1972, 1973, 1974, 1975, 1976, 1977, 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000.

All Wicks's moving was done by the well known Wicks's method. It was done right when a bull dog was used to pull the road and through town.

In the 1910's and 1920's all of the Wicks's were with the exception of James and Mrs. Wicks.

Alvina S. White had the opportunity of attending the Bienen Bible School at Ustick, Oklahoma one winter. On Christmas eve, December 25, 1925, he married Mary Decker. Their first home was two miles north of Carr, Oklahoma. On May 5, 1927 their home here burned and was a total loss.

That fall they also moved to Texas with their parents and lived with them. This move was made by Fredrick Decker and took six to seven days. During the winter they built a house and on May 5, 1927, just one year after the fire they moved into their new home. Beginning in the fall of 1927 to the spring of 1928 Alvina worked together with his father in designing and building ships. They freighted using a wagon and another one as a trailer. It took three teams of horses and 12 men at the time.

Many hardships could be related. We shall refer to only one. The ship had broken at Longport about for Christmas. As White said they would be that the next day. The next trip, due to various circumstances, was not made as planned so the children had a giftless Christmas. This freighting was to end in 1928 when the rail road was built.

In January of 1928 the big snow came. It measured 2 inches on the level. It was March before it had finally melted. In the years have come and gone.

CONCLUSION

FIRST:- I have to refer to a few omissions in contents:

Page IV - the children of Victor Martens were missed. They are Eugene, Wayne, Judith Kae, Leron Wesley and Donald Wray.

Page XVI In the Peter and Elisabeth Ediger Neufeld family, their youngest child, Abraham was missed.

Page XXI in the David D. and Martha Wiebe Balzer family, Leon Donald was missed.

Page XXII In Johan J. and Susanna Neufeld Paula family, their children that died, Henry, Anna and Johann were missed.

Secondly:- Maybe we should explain the numbering. Beginning from the left each row of numbers indicates a generation. The first row indicates the Peter Neufelds; the second row their children, the third row their grandchildren, and the fourth row the great grandchildren and the fifth row great-great grandchildren.

The number itself says, where the particular person stood in the family. We notice Grandfather Peter Neufeld is number 9. That means he was the ninth child in the family.
